

FM 9518-30 ...the light and medium duty ...

Durkopp-Adler 525FM

Short arm machine with zig-zag and three-stitch from 4,5 to 10mm width, straight stitch, standard arm 260 x 120mm, specially improved for thickness from spinnaker cloth to 6mm. Right machine for small sailmakers

Special "H Version by FM" for thickness up to 10mm

FM9518-30 Arm size 735x115mm

FM9518-30HA Arm size 735x165mm

THIS ARM IS FACTORY CAST FOR STRENGTH & STABILITY (NOT A CUT AND PIECE EXTENDED ARM)

THIS MEANS IS A UNIQUE PIECE OF CAST IRON WITHOUT ANY WELDING LINE. THE HIGH THICKNESS OF THE FACTORY CAST UP TO 10mm AND INTERNAL REINFORCEMENTS MAKE MACHINE STRONG ENOUGH FOR USE FROM SPINNAKER TO 8/9mm SAILCLOTH (DEPEND OF MATERIAL)

Machine from small to big sailloft, high versatility from Spinnaker cloth with thread V30 to 8/9mm thickness whit thread V138. Fast machine up to 1500 stitch per minute, perfect for panels sewing and big rotary hook

Easy touch machine commands : all pneumatic system and regulators are in front of sewing area (on the head of the machine, easy to control during the sewing), included all switches and devices.
